Guard, or the United States Departments of Defense
or Homeland Security*

SAILORS

COAST GUARDSMEN

FAMILY

The **Navy Safe Harbor Foundation** is dedicated to
supporting the recovery of seriously wounded,
injured, and ill Sailors, Coast Guardsmen, and their
families by assisting them with resources not
currently provided by government or community
resources.

NAVY SAFE HARBOR FOUNDATION

The Navy Safe Harbor Foundation provides financial assistance and support to Sailors and Coast Guardsmen enrolled in the Navy Wounded Warrior Safe Harbor Program and their families. Enrollees includes those wounded in action, injured in on-duty, training or liberty accidents, or suffering from serious physical and/or mental illness.

Warrior Support

The military provides incredible medical care to recovering wounded, injured and ill service members, but there are limitations on the non-medical care support that the government can provide. The Navy Safe Harbor Foundation steps in to fill the gap to

provide financial assistance and support to assist Sailors and Coast Guardsmen in their recovery, rehabilitation and transition:

- Respite care
- Warrior Weekends
- Financial and legal services
- Travel expenses
- Housing modifications
- Vehicle modifications
- Specialized equipment

Family members are integral to the recovery and rehabilitation process of wounded, injured and ill service members. The Navy Safe Harbor Foundation provides financial support to assist care givers as they support their loved ones in their recovery, rehabilitation and transition:

- Travel expenses
- Child care
- Family Camps

"The Navy Safe Harbor Foundation enabled our children to stay with us during my husband's treatments at MD Anderson Cancer Center. The Foundation stepped in and covered the hotel expenses which were not covered under our allowances. Our children's presence provided peace of mind, needed distractions, and lifted all of our spirits during his rehabilitation."

~ Jill Olivier, wife of CS1 Kevin Olivier, USN

Family Support

Adaptive Athletics

Adaptive sports provide wounded, injured and ill service members the opportunity to discover their abilities despite their disabilities.

Beginning with introductory sports camps, participants have the opportunity to learn about and compete in recreational and paralympic-style sports. The Navy Safe Harbor Foundation is proud to provide financial support to Sailors and Coast Guardsmen participating in adaptive athletic camps and competitive events:

- Travel Expenses
- Specialized athletic equipment
- Volunteer support
- Public awareness
